President signs the order on March 28, 2017

Implementation of the order will protect thousands of jobs and strengthen energy security, while also ensuring that our policies provide clean air and clean water for all of our citizens.

On March 28, 2017, President Donald Trump signed the Executive Order on Energy Independence (E.O. 13783), which calls for a review of the Clean Power Plan. The event signaled a commitment to the rule of law, cooperative federalism, and sound scientific rulemaking at EPA. We will continue to post updates as available as we implement this executive order. April 4, 2017: [Review of the Standards of Performance for Greenhouse Gas Emissions From New, Modified, and Reconstructed Stationary Sources: Electric Generating Units](#)

April 3, 2017: [Withdrawal of Proposed Rules: Federal Plan Requirements for Greenhouse Gas Emissions From Electric Utility Generating Units Constructed on or Before January 8, 2014; Model Trading Rules; Amendments to Framework Regulations; and Clean Energy Incentive Program Design Details](#)

Oil and Gas Sector

April 4, 2017: [Review of the 2016 Oil and Gas New Source Performance Standards for New, Reconstructed, and Modified Sources](#)

On March 30, 2017, Administrator Pruitt also sent a letter informing governors that EPA does not expect the states to dedicate resources to complying with a rule that has been stayed by the Supreme Court of the United States. Read more:

[News release](#)

[Letter to governors](#)

Administrator Pruitt launched the [Back-to-Basics Agenda](#), focusing on the three E's:

Environment: Protecting the Environment

Economy: Sensible regulations that allow Economic growth

Engagement: Engaging with state and local partners.

This website and other areas of epa.gov will continue to be updated as progress is made to comply with President Trump's executive order.
